Grand Prairie Water Commission Announces Water Conservation Challenge Winner

The Grand Prairie Water Commission (GPWC) has announced the winners of the Water Conservation Challenge that took place during the month of April. The Challenge was designed to encourage member residents to get involved and learn about water conservation.

Residents pledged to shut their water off while brushing their teeth, only wash full loads of laundry, and use a broom instead of a hose to clean sidewalks. After all the submissions were tallied, the 2026 winner is the Village of Minooka with the highest percentage of resident participation. They were awarded the traveling trophy to be displayed for the coming year. A winner was also selected from each community and presented with a gift basket.

For more information, to sign up for the mailing list, and to stay up to date on the Grand Prairie Water Commission, visit the website at www.gpwc-il.org, and stop by the GPWC booths at local festivals and events this summer.

The mission of the Grand Prairie Water Commission is to provide a sustainable, reliable, and high-quality water supply for the member communities by 2030 and beyond in order to support public health, safety, economic interests, and quality of life. We will keep you updated on the GPWC and what it means to your community. You can also learn more at the commission website at www.gpwc-il.org.
